

Nikolas Tesch

Web Developer | Full-Stack

ES, Brazil | +55 73 99976-0129 | Nikolasditesch@gmail.com | Portfolio: nikolastesch-portfolio.vercel.app | LinkedIn: linkedin.com/in/nikolastesch | GitHub: github.com/NikolasTesch

PROFESSIONAL SUMMARY

Full-Stack Developer pursuing an Associate Degree in Systems Analysis and Development and undergoing **full-time intensive training at Alpha EdTech**. Builds web and mobile applications with **React, Next.js, Node.js, and TypeScript**, combining development logic with a solid vision of **UX/UI**. Author of **complete personal projects** (web and mobile) featuring authentication, automated tests, and cloud storage integration. Self-taught profile, oriented towards code best practices and **end-to-end delivery — from design to production**.

TECHNICAL SKILLS

- **Languages:** JavaScript, TypeScript, Python, HTML5, CSS3
- **Front-End:** React, Next.js, Tailwind CSS, responsive design, REST API consumption
- **Back-End:** Node.js, NestJS, REST APIs, authentication (NextAuth)
- **Mobile:** Flutter
- **Database / ORM:** PostgreSQL, Prisma, SQLite
- **Cloud, Testing & Tools:** Vercel, Cloudflare R2, Git/GitHub, Jest, Playwright
- **AI & Development Methodologies:** OpenCode, Claude Code, Agentic Programming, SDD, TDD
- **Design:** UX/UI Design, Figma, Corel Draw

PROFESSIONAL EXPERIENCE

Salesperson — Fase Sport

Teixeira de Freitas, Bahia, Brazil (On-site) | Full-time | Oct/2023 – Present

- **Digital Sales Platform (Project):** Developed in parallel the store's corporate digital catalog and conversion platform (**Next.js, Prisma, Cloudflare R2**). This technical solution streamlined order workflows and automated operations, modernizing customer acquisition.
- **Business Impact & Results:** Leveraging the custom digital platform and strategic consultative sales, I generated **25% of the sector's annual sales in 2025, representing nearly R\$ 1 million** in revenue.
- **Requirements Engineering & Client Relations (B2B/B2C):** Led consultative sales and negotiations with diverse client profiles (individuals, large corporations, and regional sports teams), translating business requirements into custom vector uniform arts and layouts using Corel Draw.
- **Acquired Developer Competencies:** Gained hands-on experience in database schema design, backend authentication flows, web performance optimization for lead conversion (UI/UX), API integrations, and the end-to-end software delivery lifecycle.

PROJECTS

DataBolsa

github.com/NikolasTesch/databolsa

- Web and mobile platform for investment portfolio tracking and equity analysis.
- Technologies: Next.js, Flutter, NestJS, Prisma.

BarberAG

github.com/NikolasTesch/barberag

- Complete management system for barbershops, featuring online scheduling and administrative dashboards.
- Technologies: Next.js, TypeScript, Playwright (end-to-end testing).

CatchOrder

github.com/NikolasTesch/CatchOrder

- Order management system for restaurants, featuring authentication and automated test coverage.
- Technologies: Node.js, TypeScript, SQLite, Jest.

NKS Mark

github.com/NikolasTesch/nksmark

- Corporate digital catalog for design and sublimation teams, featuring user authentication.
- Technologies: Next.js, NextAuth, Cloudflare R2.

DGM Detailing

github.com/NikolasTesch/dgmdetailingclean

- High-conversion landing page focusing on local SEO and structured data (Schema.org).
- Technologies: HTML, CSS, Vanilla JavaScript.

COMPLEMENTARY ACTIVITIES

Fullstack Developer (Volunteer) — Alpha EdTech

Remote | Volunteer — Agile Fullstack Program | Nov/2025 – Present

- **Agile Team Development:** Work within a fixed squad following Scrum — sprints, daily stand-ups, and task tracking via Trello. All code goes through Git flow with feature branches, pull requests, and systematic code reviews.
- **Full-Stack Projects:** Build end-to-end applications across the stack — React frontends consuming REST APIs, Node.js/TypeScript backends, and PostgreSQL databases with Prisma ORM. Multiple complete projects delivered during the program.
- **Engineering Best Practices:** Apply TDD principles, write detailed READMEs and technical documentation, and maintain consistent coding standards through peer code reviews.
- **Intensive Commitment:** 20–30 hours per week of hands-on development, simulating a real-world engineering environment with deliverables, deadlines, and iterative improvement.

EDUCATION

Associate Degree in Systems Analysis and Development

UNIGRANDE — Colatina, ES | 2023 – 2026

LANGUAGES

- Portuguese — Native

- English — Intermediate
